

Why Family Planning Tasmania?

- Established in 1973, we are the go-to experts in sexual and reproductive health in Tasmania
- Doctors and nurses that are all passionate about sexual and reproductive health and have additional qualifications in this area.
- Completely non-judgmental, confidential and supportive service.
- Long appointments (most are 30 minutes) so we have time to understand you and your needs.
- Non-profit organisation that supports disadvantaged Tasmanians.
- We provide education services with in-school programs, disability and/or additional needs casework, professional learning workshops and consultancy and advice.
